Mission

- We believe that food is the most important thing, so that our kids grow up healthy
- For us, the balanced and healthy nutrition is not just a business, but a cause that's worth every minute and dedication of our whole team

Bella

About us

- We started our kids catering service in 2012, which is still very successful
- We specialize in high quality food production
- We aim to deliver our products with the best quality possible
- Despite being very healthy, our food is also delicious

Beela

Products

- We carefully select and combine products
- The dairy products we use are produced by one of our own companies – Green Farm
- We import some of the organic products we use
- We don't use any processed foods, preservatives, colorants, artificial flavorings, hydrogenated fats, and vegetal substitutes of milk products
- We cook with butter and olive oil
